## NEW BUSINESS

Information is brief as I was experiencing intermittent problems with computer issues. Thanks to Tom for his active memory.

Keith Strauss reported on progress with the web site. It is active by googling Oregon Coast Woodturners.

## DEMONSTRATION

Dave Maguire demonstrated turning a green log into a bowl blank. Gary showed how to hollowform from the bottom and how to plug the bottom hole after hollowing. He also demonstrated using a tap to thread wood for making various accessories. We appreciate members volunteering to do demos. Thanks Dave and Gary.
