

OREGON COAST WOODTURNERS MINUTES OF THE INTERACTIVE REMOTE MEETING AT SOUTH BEACH SEPTEMBER 19TH 2020

The meeting was opened by President Gary Meier who spoke of the use of safety measures and equipment including face shields, dust masks and proper technique.

TREASURER'S REPORT

Dave Maguire provided our current bank balance of \$6,782, and our membership is 42 paid members. There were 21 members who signed in for the remote meeting.

OLD BUSINESS

Issues regarding compatibility of our bylaws with remote meeting needs were discussed.

NEW BUSINESS

We will hold election of officers before the coming New Year. All officer positions are open; they are President, Vice President, Secretary and Treasurer. Some officers have served for years and need a break. Please think about participating by meeting with any club officer.

SHOW AND TELL

Paul Reed incorporates marquetry with his turning. He had pictures of his foot pedal saw and a new wonderfully mechanized scroll saw he had obtained from Tom Hasting.

Gary Meier showed a selection of bottle stoppers that he turned while using idle time due to Covid19 confinement.

Tom had turned a nice five-inch hollow form that so enamored a lady customer that it sold perhaps even before the finish dried.

Chris Heckart posted a nice spalted maple bowl.

Troy Ness contributed four bowls from different woods including Indian mahogany (Australian Red Cedar), Cherry and Bloodwood, a crimson delight.

DEMONSTRATION

Sam Angelo did a well-organized demo on threaded lids for turned boxes. The program included references to tools, appropriate woods, chasing threads and techniques. If you missed this excellent demo you can read all the details in a feature article in the June 2020 issue of the American Woodturner. Mucho gracias Sam.

IMPORTANT DATES

Rick Rich will be our demonstrator on October 17, 2020 via ZOOM. Rick has presented programs for us, always very informative and organized. He will do a program on spindle turning. Don't miss it. Trust me!

Paul Reed, Secretary
