

OREGON COAST WOODTURNERS MINUTES OF THE DECEMBER 12TH 2020 INTERACTIVE MEETING AT SOUTH BEACH OREGON

Tom Hasting opened the meeting with about 20 persons signed in on Zoom.

TREASURER'S REPORT

Dave Maguire reported a bank balance of \$6495.30. He said work was in progress with Keith Strauss to establish a PayPal account for our club website.

OLD BUSINESS

The Community Vision Project with OCW and Oregon Coast Glass Works is moving along. A meeting is scheduled to coordinate glass and wood features for the award trophies. They will be presented to the candidates selected for community service recognition. The glass creations will be ready in mid-January and our turnings will be needed by February 12th.

In the past I have incorporated pictures of club turnings with the minutes. Now that our website is active you can google Oregon Coast Woodturners and access our minutes and pictures.

NEW BUSINESS

Recent donations of tools and miscellaneous turning items are offered for sale to members to help keep our club activities healthy.

SHOW AND TELL

Tom Hasting, Troy Ness and Gary Meier showed inside-out Christmas ornaments. Jerry Kimmel had an ornament that is lost in my memory bank.

DEMONSTRATION

Dave Maguire discussed sharpening and turning with negative-rake scrapers including useful tool-tip angles, turner positions and safety.

IMPORTANT DATES

Our next interactive Zoom meeting will happen on January 16th 2021.

GOOD OF THE ORDER

It has been very rewarding for me to be your secretary for the last 7 years. You have all been wonderful, fun and it's been very educational. Russ Williams has offered to take my place. I know he will be welcomed with the same friendship I have received from you. I just need a breather. I ain't leavin'!

Paul
