

Oregon Coast Woodturners April 17th 2021 Meeting.

Twenty participants joined the Zoom meeting hosted by Craig Timmerman and Tom Hasting. Craig presented a very good demo on how he makes Torus Vases. The demo was very informative and thorough.

After the demo we had a brief meeting followed by show and tell. Gary informed the members of changes to the club web site. Keith has added a buy and sell forum where only members can access it once they are logged in. Gary posted the Bonnie Klein lathe for sale on the forum and started the bids on it. Keith also added a donate button which should help Dave in a variety of financial transactions.

Treasury Report: Balance \$7182.14, outstanding bills Craig Timmerman \$300, Club web site \$518. Dave reported we have 3 new members bringing our total to 33. The new members are Alan Wells and John and Twila Burley (family membership).

Show and Tell:

Dave Maguire spalted Maple wave bowl

Tom Hasting: Wave bowls Myrtle, Mountain Mahogany and Resin

Keith Strauss: walnut wing bowl

Eric Meyer: various turned Violin parts

Ben Barclay: English walnut bowl, rotten bowl

Alan Wells: Red Oak Bowl

Paul Doberenz: Myrtle Bowl, Cherry Bark edge bowl, Tool Rack

Gary Meir: Mesquite and Mountain Mahogany Bud Vases

Russ Williams: Cherry Bark edge bowl, maple bowl
